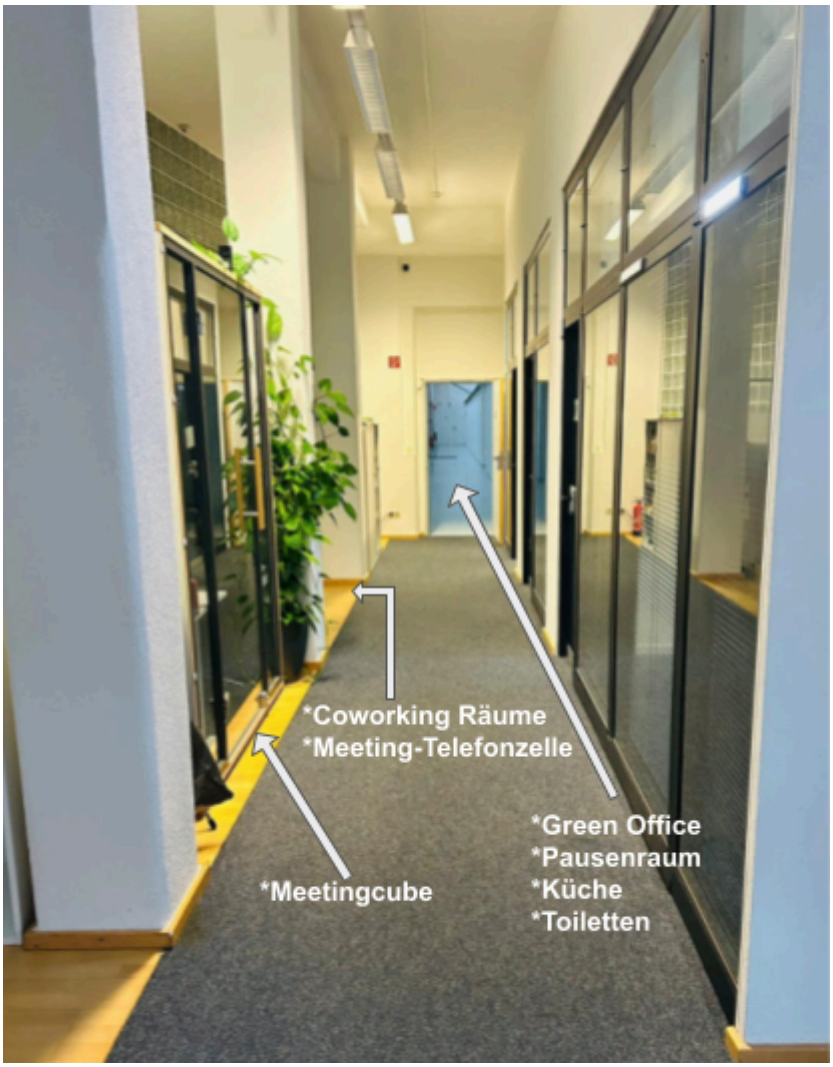
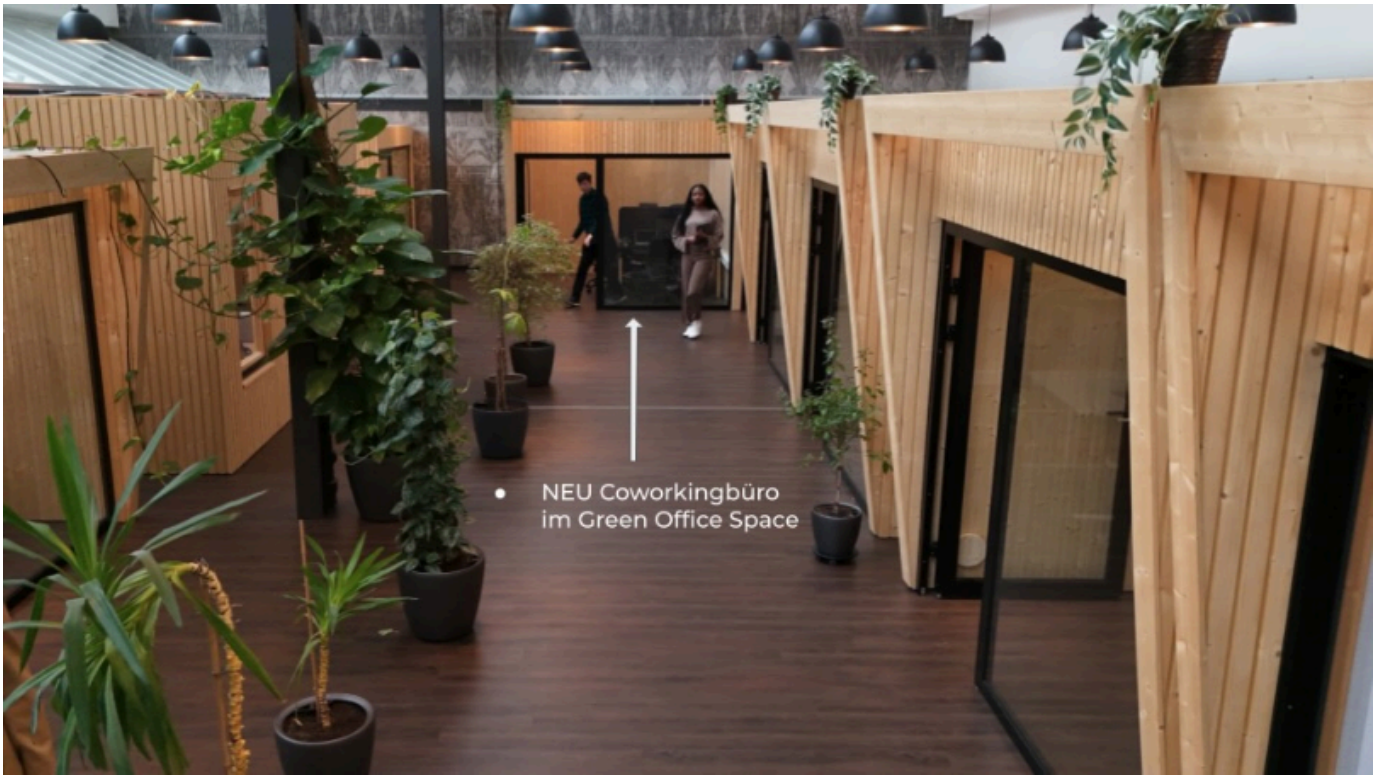
From the main entrance, the **2 coworking rooms** are at the back middle/left, behind the glass-block wall — see image below. You can choose any **available flex desk**.

The ROOM phone booth in front of the coworking room, as well as the meeting cube at the bottom left of the image, can be used for meetings or for quiet, focused work.



NEW: we now have a coworking office in the Green Office Space with 2 workstations



Note about the coworking office in the Green Office: due to the lack of a direct view to the outside, employees may not use it as a permanent workstation.
